

Steps to enable **ReadyGrids** into an existing org:

1. [Download this file](#)
2. Using DemandTools or SFDC import functionality, insert the CSV file into the GridBuddy_Settings__c custom object
3. 18 new ReadyGrids will be inserted and available in the Grids dropdown
4. All ReadyGrids will begin with "Validity" in the title

****ReadyGrids** will automatically be installed into any new sandbox or new orgs after July 1, 2019.
